

CYBEX® PRO³ TREADMILL

CYBEXceptional

Pro³ Treadmill

CONSOLE FEATURES

Split Display

The console itself is designed to match the way you use a treadmill. By separating the console into two parts, we've given you the ability to read while still having access to speed and incline.

Programming for Everyone

Quick Start, Manual, 5K Run, 9 Holes, Heart Rate Control, Weight Loss, and Cardio programs provide virtually unlimited variety.

Live Keyboard

Lets you change your program or any of its settings while in the program without starting over.

Super Convenience

With dual water bottle holders and MP3 player compartment.

Heart Rate Monitoring

From either the contact grips or hands free from a wireless heart rate transmitter. A multi-colored heart shaped LED provides color coded feedback of your heart rate.

CSAFE Capable

For use with systems like Cardio Theater®, Broadcast Vision® and Fitlinxx®.

Safety Sentry™

It knows whether you are there or not. It will stop the belt after the pre-selected waiting period helping to keep members safe. Also included is a Safety Lanyard.

Quick Start

Lets you enter the Manual program with a single touch of the Start Key.

Pro³ Treadmill

TREADMILL FEATURES

IS3 Suspension

This exceptionally comfortable suspension system absorbs the impact of landing where it occurs and yet provides a stable and efficient toe-off area for maximum running efficiency.

Attention To Detail

The edges of the drive belt are covered to prevent belt edge fray and prevent dirt from being collected between the deck and belt.

Long Life

The 3" crowned rollers provide long bearing life (250,000 miles) and a deck that flips and rotates giving up to four wear surfaces.

Well-Grounded Design

The elevation system retracts into the frame for a clean, solid look.

Decline

Why include decline? For each uphill there's a downhill. The CYBEX Pro³ gives you the added dimension of going downhill.

Easy Movement

We've included a pair of pick up handles at the rear of the unit.

Eco – Friendly

The high-performance DC motor with PWM (pulse width modulated) controller provides for exceptional speed consistency and high-speed capability while using less energy than contemporary AC drives.

keep your members AHEAD OF THE PACK

Pro³ takes the legendary Pro+ to the next level. With the continued refinement of one of the most reliable treadmills on the market, it's the new standard in treadmills. The Pro³ has a high contrast display and enhanced usability that will keep your members running ahead of the pack.

specifications

Product Number	550T
Speed	0.5 to 12.4 mph (0.8 – 20 kph)
Elevation Range	-2 to 15%
Running Area	20"W x 60"L (50 cm x 152 cm)
Dimensions	81" L x 32" W (206 cm x 81 cm)
Max User Weight	400 lbs (181 kg)
Power	115V (+/-5%), 60Hz, 20A dedicated line 208/220V (+/-5%), 60Hz, 15A dedicated line 230V (+/-5%), 50Hz, 15A dedicated line
Motor	3.0HP DC Continuous duty with radial cooling fan and a high – efficiency pulse – width modulated (PWM) controller
Handrails	Optional full length
Display	Upper console: Dot matrix graphic of program, Large 1" LED display of distance, calories, METs, pace, and heart rate. Lower console: LED display of speed and dual function display of time and elevation
Heart Rate Monitoring	Built in wireless heart rate receiver and contact heart rate monitoring* *Wireless heart rate transmitter not included
Programs	Quick Start, Manual, 5K Run (10 levels), 9 Holes (10 levels), Heart Rate Control (User Selectable Target), Calorie Goal (10 levels), Cardio (10 levels), and Weight Loss (10 levels)
Connectivity	Provided by CSAFE (Fitlinxx® Certified)
Compliance	CE, ETL (tested to UL) 1647, FCC, ASTM
Safety	E-stop Safety Lanyard and Safety Sentry™ shutdown features
Color	Available in five standard colors (white, black, platinum sparkle, metaltone gold, black texture) and a virtually unlimited variety of custom colors
