

CYBEX Pro+

CYBEX®

CYBEX exhilaration

CYBEX Pro+

The **CYBEX PRO+** provides club users with an easy to use treadmill and the precise amenities demanded. The health club owner benefits with high durability and attention to safety.

Quick Start

lets you enter the Manual program with a single touch of the Start Key

Live keyboard

lets you change your program or any of its settings while in the program without starting over.

Well-grounded design

The elevation system retracts into the frame for a clean, solid look.

Stableflex™

This supremely comfortable suspension system absorbs the impact of landing where it occurs and yet provides a stable and efficient toe-off area for maximum running efficiency.

Split Display

The console itself is designed to match the way you use a treadmill. By separating the console into two parts, we've given you the ability to use what you want and when.

CYBEX Programming Advantage (CPA)

is an interactive addition that allows you to create and edit custom workouts, transfer them to the treadmill and track a workout.

For easy movement,

we've included a pair of pick up handles at the rear of the unit.

Attention to detail

The edges of the drive belt are covered to prevent belt edge fray and prevent dirt from being collected between the deck and belt. These also keep things like fingers and towels from getting caught.

Long Life

The 3" crowned rollers provide long roller bearing life (250,000 miles) and a deck that flips and rotates giving up to four wear surfaces.

Decline

Why include decline? For each uphill there's a downhill. The CYBEX Pro+ gives you the added dimension of going downhill.

CSAFE capable

for use with systems like CardioTheater®, BroadcastVision®, Fitlinx®, and Enercise™.

Safety Sentry™

knows whether you are there or not. It will stop the belt after the pre-selected waiting period helping to keep members safe. P.S. Don't forget to use the **Safety Lanyard**.

Programming for everyone

Quick Start, Manual, 5K Run, 9 Holes, Heart Rate Control, Weight Loss and Cardio programs provide virtually unlimited variety.

Heart rate monitoring

from either the contact grips or hands free from a wireless heart rate transmitter. A multi-colored heart shaped LED provides color-coded feedback of your heart rate.

Super convenience with dual water bottle holders and CD player compartment.

The motor has integral brush wear monitoring

with digital feedback. The controller utilizes **high efficiency Pulse Width Modulation** technology and high-speed stability management for consistent speed control and smooth operation.

CYBEX Pro+ Specifications

Elevation Range	-2 to 15%
Speed	0.5 to 12.4 mph (0.8 – 20 kph)
Running Surface	20" W x 59" L (50 cm x 150 cm)
Programs	Quick Start, Manual, 5K Run (10 levels), 9 Holes (10 levels), Heart Rate Control (60–95%), Calorie Goal (10 levels), Cardio (10 levels), and Weight Loss (10 levels).
Console Features	Displays: <i>Upper console:</i> Dot matrix graphic of program, Large 1" LED display of distance, calories, METs, pace and heart rate. I/R port for set up. <i>Lower console:</i> LED display of speed and dual function display of time and elevation.
Heart Rate	Built in wireless heart rate receiver and contact heart rate monitoring* *Wireless heart rate transmitter not included.
Safety	E-stop Safety Lanyard and Safety Sentry™ shutdown features.
Width/Length	32" W x 79" L (81 cm x 201 cm)
Max User Weight	400 lbs (181 kg)
Power	115V (+/-5%), 60Hz, 20A dedicated line 208/220V (+/-5%), 60Hz, 15A dedicated line 230V (+/-5%), 50Hz, 15A dedicated line
Motor	3.0HP DC Continuous duty with radial cooling fan and a High efficiency Pulse Width Modulated (PWM) controller
Compliance	CE, UL, FCC, ASTM
Standard Colors	Black Chrome, Silver Vein, Black, White and Platinum Sparkle. Custom colors available.
Handrails	Optional full length
