M900 Series

M900T

M900TA

M901TA

• M900T Series Specification

Model	M900TA	M901TA
Motor	AC 3.0HP Continuous duty	
Speed	0.1~18.0 Km/h, 0.1km/h Increment	1.0~18.0 Km/h, 0.1km/h Increment
Incline	0~15%, 0.5% Increment	
Display Console	16 x 32 Dot, 96 x 192 (mm)	
Exercise Information Display 7-segment, FND	Time, Remaining Time, Incline, Distance, Total Calories Burned, Speed, PACE(min/km), H/R	
H/R System	Contact System	O
	Wireless System	O
Exercise Program	Built-In	12
	H/R	2
	Custom	10
Communication Port	O	O / X
Accessory Tray	2 (For Bottle, Mobile, MP3, etc.)	
Emergency	Magnetic Key (Pull)	
HandleBar	Side, Front	
Handle for Medical Use	Optional	
Running Surface	510 x 1,520 (mm)	
Lubrication	Manual	
Power	Normal 220VAC, 50/60Hz	
Others	Touch Sensitive Key, Aluminum Support, One Touch Speed Control	
Manager Mode	Accumulated Distance, Error Display, etc.	
Maximum User Weight	185 (kg)	
Length x Width x Height	2,120L x 850W x 1,340H (mm)	
Weight	194 (kg)	

* The specification is subject to change without prior notice for product improvement.

• M900T Series Features

1. EXCELLENT PERFORMANCE

- High-quality AC motor and precise motor control
- Higher torque even in a low speed, decreased noise in every speed range and minimized vibration
- Prevents belt's leaning
- Enhanced hard frame structure

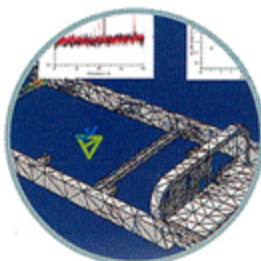

2. SCIENTIFIC PROGRAMS

- Built-in various programs (Cardiovascular, Fat Burn, Stamina, etc.)
- H/R programs

3. ADVANCED SAFETY AND CONVENIENCE

- Low profile structure
- Multiple shock absorption system
- Touch-sensitive switch (Adjustable lamp brightness)
- Ergonomics Design
- Spacious accessory tray
- User-friendly interface

Silent Running

User-friendly Interface

Low noise and vibration
