## Proteus Elliptical EEC-5550 運轉機

### 電腦顯示屏

|      |                            |
|------|----------------------------|
| 資料顯示 | 時間,距離,速度,卡路里燃燒量,心率, R.P.M. |
| 預設編程 | 12 個預設, 1個手動, 1個自設         |
| 心率量度 | 手感心率                       |
| 心率編程 | 4個                         |

### COMPUTER CONSOLE

|                      |                                                       |
|----------------------|-------------------------------------------------------|
| LCD console displays | Time,Distance,Speed,Calories burned, Heart Rate,R.P.M |
| Programs             | 12 preset, 1 manual, 1 custom                         |
| HR Monitoring        | Hand grip                                             |
| HRC program          | 4                                                     |

### 機器規格

|         |                          |
|---------|--------------------------|
| 阻力系統    | 磁控系統                     |
| 驅動帶     | Industrial Poly-V belt   |
| 阻力調節    | 電子式                      |
| 阻力範圍    | 15 - 160 watts           |
| 機器重量    | 54.4 kgs / 59.3kgs (連包裝) |
| 最大可承載重量 | 125 kg                   |

### TECHNICAL INFORMATION

|                   |                              |
|-------------------|------------------------------|
| Resistance system | Outer Magnetic Control (DMC) |
| Driving           | Industrial Poly-V belt       |
| Tension Control   | Electronic                   |
| Resistance range  | 15 - 160 watts               |
| Machine weight    | 54.4 kgs / 59.3kgs (G.W.)    |
| Max user weight   | 125 kg                       |
